

New Nexans High-Voltage Plant Receives ISO 9001-2008 Certification

Nexans Newest High Voltage Facility in South Carolina Meets Stringent Standards for ISO Certification

Charleston, SC, October 8, 2014 – The Nexans High-Voltage team is proud to announce another milestone in the development of our new High Voltage plant. Continuing our commitment to excellence the plant has received its ISO 9001-2008 certification.

Bureau Veritas Certification has certified as of August 26, 2014 that the Management System of the Nexans High Voltage Plant in Goose Creek, SC has been audited and found to be in accordance with standards requirements for the Design and Manufacture of Electrical Cables.

“I am proud of the commitment of our teams to accomplish our ISO 9001 certification. Nexans High Voltage is dedicated to excellence to our employees, the product and our customers,” Christophe Terisse, Plant Manager, Nexans High Voltage, Goose Creek, SC.

Nexans new High Voltage plant is providing North America with reliable quality products with an emphasis on safety for both employees and testing for the safety of consumers. Nexans people are bringing energy to life.

About Nexans

Nexans brings energy to life through an extensive range of cables and cabling solutions that deliver increased performance for our customers worldwide. Nexans' teams are committed to a partnership approach that supports customers in four main business areas: Power transmission and distribution (submarine and land), Energy resources (Oil & Gas, Mining and Renewables), Transportation (Road, Rail, Air, Sea) and Building (Commercial, Residential and Data Centers). Nexans' strategy is founded on continuous innovation in products, solutions and services, employee development, customer training and the introduction of safe, low-environmental-impact industrial processes. In 2013, Nexans became the first cable player to create a Foundation to introduce sustained initiatives for access to energy for disadvantaged communities worldwide. We have an industrial presence in 40 countries and commercial activities worldwide, employing close to 26,000 people and generating sales in 2013 of nearly 6.7 billion euros. Nexans is listed on NYSE Euronext Paris, compartment A. – www.nexans.ca
